Sub: Admission to Pre KG

As per National Education Policy (NEP) all kids attained 3yrs of age have to be admitted to Pre KG. CBSE had given instructions to all its affiliated schools to start Pre KG from 2023-24 academic year onwards. The former 10+2 pattern has been replaced by 5+3+3+4 structure. Number '5' indicates Foundational stage. In this stage a strong base of Early Childhood Care and Education (ECCE) is provided to the tiny kids, which aims at promoting better overall learning, development and well-being.

Hence, I request all parents, those who have 3year old kids, to take admission in Pre KG in our school. Also please inform your friends, relatives and neighbors.

- Be prepared for the next heat wave \*between 40 to 50 °C. Always drink room temperature water slowly.

Avoid drinking cold or ice water!

Currently, Malaysia, Indonesia, Singapore and other countries are experiencing a "heat wave."

These are the do's and don't's:

1. \* Doctors advise not to drink very cold water when the temperature reaches 40 ° C, as our small blood vessels may burst. \*

It was reported that a doctor's friend came home from a very hot day - he was sweating profusely and he wanted to cool himself quickly - he immediately washed his feet with cold water... Suddenly, he collapsed & was taken to hospital.

2. When the heat outdoors reaches 38 ° C and when you come home, don't drink cold water - drink only warm water slowly.

Do not wash your hands or feet immediately, if they are exposed to the hot sun. Wait at least half an hour before washing or showering.

3. Someone wanted to cool down from the heat and immediately took a shower. After the shower, the person was taken to hospital with a stiff jaw & had a stroke.

\* Please Note: \*

During the hot months or if you are very tired, avoid drinking very cold water immediately, as it can cause the veins or blood vessels to narrow, which can lead to a stroke.

\* Please spread the warning to others! \*

- Dear children,

Good morning 🙏

You are strictly instructed to do the work given by your teachers on the prescribed day and date itself and should bring all works assigned to you on the next working day. I'll

check all your works. Most probably we 'll get sanction for taking vacation classes by the middle of May. So never be lazy in doing your work. Children should not go far away. As per getting sanction, we resume vacation classes till the end of May.

With pleasure.

Principal

We have planned to postpone the closing of vacation class to 26th Friday in order to compensate the lost 4 days.

2nd Periodic Test begins on 22nd onwards and ends on 26th with one subject per day.

Students should not take leave unnecessarily.

Be serious in your studies.

In the case of class 10th, marks obtained in the period test will be considered to send to CBSE and this mark is to be added to your Board Exam marks. So you should be very careful to score full. You won't get any opportunity for re-exam.

Hope all of you have enjoyed with children for the past 2 months. On the day of school closing I had given a circular in which I specified the date of school reopening. There is no change in the schedule. Classes in all sections from Pre KG to XI & XII begin to function on Thursday, June 1st. All students should take care to come in their uniform. If your new uniform is not ready they can wear their old uniform till you get the new one ready. If the old uniform is unfit to wear, they are allowed to use color dress till they get the new one. Try to get it soon. Permission is granted to newly admitted students to wear color dress till you get the new one.

On the day of reopening conveyance facility will be available only in the evening for classes from UKG onwards. After all programs parents can take Pre KG & LKG kids back home with them. June 2nd onwards all children from Pre KG onwards can avail conveyance both in the morning and evening. Request all parents to bring your children before 8.45am on June 1st as we take children to church for blessings at this time. After the prayer in the church there will be a public meeting and sweets will be given to all gatherings. All students and their parents especially all new comers will be welcomed on this auspicious occasion.

Students should bring lunch and students upto class II can have snacks in the school bag. School Diary and time table will be issued on the same day.
